207 Uses

*Consists of the following: Street – 7, Public Transportation – 5, Jail – 3, School – 2, Not Specified – 2, Park – 1, House/Apartment Unknown – 1
### Strategy #1: Substance Use Treatment Navigation

**Goal:** Expand services to more effectively link individuals to treatment services.

**Lead Agency:** DuPage County Health Department

**Funding:** $50,000 + In Kind

**Funding will support planning, training and implementation of the following objectives:**

1. Define a network of participating substance use agencies for all levels of care.
2. Partner with law enforcement and other community providers to identify individuals seeking treatment.
3. Establish a 24/7 central resource for screening individuals seeking treatment and identify the appropriate level of care.
4. Link individuals seeking treatment to appropriate provider.
5. Monitor outcomes and quality assurance of process to ensure individuals have access to care.
6. Evaluate and develop sustainability plan to continue and expand services.
7. Coordinate more closely with treatment providers to ensure thorough, effective and frequent communication between providers.

---

### Strategy #2: Specialty Court for First Time Drug Offenders

**Goal:** Coordinate with criminal justice system partners and treatment providers to increase the screening, oversight, education and treatment referrals for first-time drug offenders.

**Lead Agency:** DuPage County 18th Judicial Circuit Court

**Funding:** $50,000 + In Kind

**Funding will support planning, training and implementation of the following objectives:**

1. Develop a Specialty First-Offender Drug Court for first-time offenders.
2. Educate and train judges on the issues related to drug addition, mental health and evidence-based best practices to address these concerns.
3. Educate and train staff, including probation officers, assistant state's attorneys, and public defenders on the issues related to drug addition, mental health and evidence-based best practices to address these concerns.
4. Establish an education component with knowledgeable and experienced speakers to address first-time offenders regarding heroin/opioid abuse from the perspectives of those in the medical, legal, business, education and family/community fields.
5. Coordinate more closely with treatment providers to ensure thorough, effective and frequent communication between providers and the court system.
Welcome to the (DNP) DuPage Narcan Program Digital Map Series.

DNP (DuPage Narcan Program) Saving Lives.

The DuPage Narcan Program Digital Map Series was created to help with Public Education and Awareness of Narcan Incidents, saves, save totals, Heroin/Opioid treatment centers and medication disposal sites in and around the County of DuPage, Illinois.

Narcan saves and incident point locations displayed within this digital map series are not placed on the actual event location.

The DuPage Narcan Program is a collaborative partnership between the Department of Alcohol and Substance Abuse, DuPage County Chiefs of Police, Coroner, Health Department, Sheriff and the States Attorney. For a complete listing of all participating (DNP) sites please see the “DuPage Narcan Program” tab. Web mapping application created by DuPage County IT/GIS Department.
