

DMH Grantees,

Good news! Invoice templates are now available on the DHS/DMH Webpage (<http://www.dhs.state.il.us/page.aspx?item=95429>) for those programs that require submission of an invoice for reimbursement. The templates are now more uniform across programs. Please begin using these templates with the next billing cycle for applicable programs.

For programs that do not require submission of an invoice, nothing has changed. You will continue to receive regular monthly payments for your capacity grants.

Best Regards,
