1. Introduction

1.1. Overview and Purpose

The CSA Tracking System is where the Illinois Department of Human Services (IDHS) expects all organizations applying for grants to enter their GATA Budget information. IDHS staff will review an organization's budget information in the same system. This document provides helpful information on navigating and entering information into the budget templates in the CSA System.

There are two end users of the budgets in the CSA Tracking System. First, organizations applying for grants from DHS must enter budget information into the required budget template. Second, IDHS staff must review and take action on the proposed budget. IDHS staff can approve the budget, or IDHS staff can return the budget to the grant applicant for specific changes.

An applicant must complete and submit a budget for **EACH** grant it applies for. This must be done every time an organization seeks a grant from IDHS. There are two budget templates available in the CSA Tracking System, the Uniform Budget Template and the Fixed Rate Budget Template. An organization must select the appropriate budget template, as identified in the Catalog of State Financial Assistance (CSFA) or the Notice of Funding Opportunity (NOFO). The CSFA and NOFO would also indicate how to submit supplemental information, where required.

This manual is broken into two parts. The first part covers all aspects of budgeting for an FY18 grant using the Uniform Budget Template and the Fixed Rate Budget Template. The second part covers the IDHS approval process of the budget templates.

The purpose of the web-based budget in the CSA Tracking System is to facilitate submission of the budget from the organization to IDHS for review. It should not be used to develop a budget. Rather, the budget should be developed (either on the Excel version or the PDF version of the budget) and, after the organization has finalized the proposed budget, the organization should submit the information in the CSA Tracking System.

1.2. Requirements

All grants from IDHS still required a fully executed grant agreement. An approved budget is not a substitute for an executed grant agreement. Instead, it allows IDHS staff to review how an organization will spend grant funds prior to agreeing to execute a grant agreement with the organization.

Any grantee seeking indirect cost rate reimbursement must annually apply for an indirect cost rate through the Crowe CARS system. The system is accessible after an organization has registered and pre-qualified to receive State funds and submitted an annual Internal Control Questionnaire at the GATA Grantee Portal

<https://fsaccount.illinois.gov/adfs/ls/?wa=wsignin1.0&wtrealm=http%3a%2f%2ffsresource.illinois.gov%2fadfs%2fservices%2ftrust&wctx=b7de6613-1dfb-49a3-80e6-155f8a2aff28&wct=2017-11-03T12%3a45%3a45Z>).

2. Prerequisites

To submit a GATA Budget, an organization must register with the CSA Tracking System. Please visit the CSA Tracking System website (<http://www.dhs.state.il.us/page.aspx?item=61069>) for instructions on how to register. Organization staff that enter budget information should have a valid User ID, external Illinois.gov ID, and Password provided by DoIT. Staff who enter budget information must also list its Executive Director (or equivalent) or Chief Financial Officer (or equivalent) in order to sign off on the proposed budget. If your organization has already registered in CSA Tracking System, you still must list the Executive Director (or equivalent) or Chief Financial Officer (or equivalent). If you have not registered in the State's Centralized Repository Vault (CRV), please do so. Please visit the CRV website (<http://www.dhs.state.il.us/page.aspx?item=95364>) for instructions on how to register.

After you have successfully completed the prerequisites, you can login to the CSA Tracking System <http://www.dhs.state.il.us/page.aspx?item=61069>. The screen will ask you for your User ID and Password.

The screenshot shows a web browser window with the URL <https://grants.dhs.illinois.gov/gpsecure/gtp>. The page header includes the IDHS logo and the text "Illinois Department of Human Services". The main heading is "System Login".

FFATA Data Collection Form (if needed by agency)

Under FFATA, all sub-recipients who receive \$25,000 or more must provide information for federal reporting.

If your agency qualifies for above criteria, please fill out the FFATA Information form accurately and completely.

The FFATA Data Collection Form is available under the [Provider Info](#) section of this site.

3. Entering Organization Information

To electronically fill out and submit a budget for review, you will need to enter some information about your organization. This information will be universally applicable to your organization independent of how many grants you have applied for. In other words, if you have to submit three proposed budgets for three different programs, the Organization Information only needs to be entered once.

3.1. Enter Facilities information

Click on the “Facilities” tab. It is the fourth tab. If you do not have a site location listed here, then you will need to add one (or several, depending on your organization). Click on the “Add Facility” button and add the relevant information.

If there is a facility listed that needs updating, please click on it and update with the current information. Click “Save” when finished.

4. Enter proposed budget information

Section 4 navigates the steps to complete the Uniform Budget Template. Section 5 navigates the steps of the Fixed Rate Budget Template.

For either budget, you can check the status history at any time. The status history shows the status of the budget. Any comments entered by IDHS staff during updating are also recorded. Here is description of each status that would appear.

- Work in progress: The organization is entering information into the budget.
- Grantee submit for Signature: The organization finished entering information and has submitted the budget for Executive signature.
- Grantee CFO or Executive Director has signed: The budget was signed by CFO or Executive Director. (please note only one Executive Signature is now required on the GATA Budget for submission)
- Grantee Signatures approved: The budget was signed by either the CFO or the Executive Director and is now ready to submit to Program.
- Grantee submit for Program Review: The organization has submitted the budget to IDHS program staff for review.
- Program Lock: IDHS program staff has locked the budget for review.
- Program Approve: IDHS program staff has approved the proposed budget.
- Program Reject: IDHS program staff has returned the budget to the organization with specific comments.
- Fiscal Approve and Sign off: IDHS fiscal staff has approved the budget.
- Fiscal Approve and Reject: IDHS fiscal staff has return the budget to IDHS program staff for more information.

Any data validation errors that occur while proposing a budget will be displayed at the top of the screen and in red text.

An organization must select the appropriate budget template, as identified in the Catalog of State Financial Assistance (CSFA) or the Notice of Funding Opportunity (NOFO). If the organization is unsure of which budget template to use, you can reach out to the Agency Contact listed on the CSFA for the specific program applied for (<https://www.illinois.gov/sites/GATA/Grants/SitePages/CSFA.aspx>). You will need that information to complete the rest of the fields. Add the program's CSFA number in the CSFA field. It must be

in the format of 444-##-####. For IDHS programs, the first three numbers are always 444. The Short Description of the program is required. It accompanies the CSFA number on the CSFA and the NOFO. If the program is being competitively bid, you are responding to a NOFO. Please do not check the box. Instead, enter the NOFO number in the format of ##-####-##-####-##. For all programs funded by IDHS, the first five numbers are always XX-444 (the first two digits are always the fiscal year of the grant example; 18, 19, 20). If the program is not competitively bid, then you are not responding to a NOFO. In that case, please click the check box. Below are screen shots of the fields (empty, and completed). The completed fields indicate a uniform grant budget template will be used to respond to a NOFO. Additional information can be submitted in the Description Narrative section

On this page, you must enter the amount of State funds you are seeking in your grant. Do not use commas. If you are bidding on a competitive grant through the NOFO process, please enter the grant funds amount you are seeking. For non-competitive grants, you should have received some information about available State funding from your program contact. This number should include State funds and federal funds distributed by IDHS as the pass-through entity. In other words, this amount should include all of the grant funds sought from IDHS.

Non State Of Illinois

You are only required to enter Non-State of Illinois funds if there is a match requirement or cost sharing requirement. The CSFA or NOFO would indicate if there is a requirement. If there is one listed, please enter that here and add the relevant match information. If there is no match requirement but your organization still uses non-State funds to run the program, you may indicate that information here. There will be an opportunity to indicate in detail how your organization will use those funds to supplement State funding for the program. When you are done, click “Save” to continue.

In the above example, you would have two options. You could either reduce the amount of grant funds requested to \$150,000. Alternatively, you would need to increase the match amount to \$25,000.

Next, you will need to provide information on your indirect cost rate. You will see the below warning at the top of the screen indicating this requirement.

WARNING: Indirect Cost Rate Information is not complete. Please complete it before proceed.

The Grant Accountability and Transparency Unit (GATU) still requires your organization to submit its indirect cost rate proposal through Crowe CARS. You do not have to submit a proposal if you have a federally negotiated indirect cost rate or if you elect to take the *de minimis* amount of indirect cost rate reimbursement. However, you will still need to log into Crowe CARS to indicate as such. Additionally, you will need to choose one of the indirect cost rate options on your budget. Begin by clicking on the “Indirect Cost Rate” button.

The choices of if and how your organization will recoup indirect costs rate have not changed since FY17. The indirect cost rate page has six choices. If you have a federally Negotiated Indirect Cost Rate Agreement (NICRA), then please click Option 1.

1) Our Organization receives direct Federal funding and currently has a Negotiated Indirect Cost Rate Agreement (NICRA) with our Federal Cognizant Agency. A copy of this agreement will be provided to the State of Illinois' Indirect Cost Unit for review and documentation before reimbursement is allowed. This NICRA will be accepted by all State of Illinois Agencies up to any statutory, rule-based or programmatic restrictions or limitations.
NOTE: (If this option is selected, please provide basic Negotiated Indirect Cost Rate Agreement information in area designated below)

If you select Option 1, then you will need to enter information from that NICRA on this page. Please add the time period of the letter, the federal agency that agreed to the rate, the rate, and the base. Copy verbatim the Distribution Base information into the text box. It allows for enough characters to copy the language in its entirety.

Section A - Continued - Indirect Cost Rate Information

Under Option 1, you are confirming that your organization has a NICRA that was approved by the Federal government. A copy of this agreement must be provided to the State of Illinois' Indirect Cost Unit for review and documentation. For FY19, Crowe Horwath will allow for submission of that information through the Crowe CARS web-based system. That NICRA will be accepted by all State agencies up to any statutory, rule-based or programmatic restrictions or limitations.

Select Option 3 if you have never received an indirect cost rate and elect to receive the *de minimis* indirect cost reimbursement of 10% of your Modified Total Direct Costs (MTDC). This rate may be used indefinitely on State of Illinois awards (2 CFR 200.414 (c)(4)(f) & (200.68)). Your organization still must submit documentation on the calculation of MTDC within your Budget Narrative under Indirect Costs. Your organization may not use the *de minimis* rate if it is a local government or if your grant is funded under a training rate or restricted rate program.

Our Organization has never received a Negotiated Indirect Cost Rate Agreement from either the Federal government or the State of Illinois and elects to charge the *de minimis* rate of 10% modified total direct cost (MTDC) which may be used indefinitely on State of Illinois awards (2 CFR 200.414 (c)(4)(f) & (200.68)).
3) **NOTE: (Your Organization must be eligible, see 2 CFR 200.414 (f), and submit documentation on the calculation of MTDC within your Budget Narrative under Indirect Costs)**

Select Option 4 if you are applying for a grant under a Restricted Rate Program. You must indicate whether you are using a restricted indirect cost rate that is included on your approved NICRA or whether you are using a restricted indirect cost rate that because of a program limit or statutory limit.

For Restricted Rate Programs (check one) -- Our Organization is using a restricted indirect cost rate that:

4) Is included as a "Special Indirect Cost Rate" in our NICRA (2 CFR 200Appendix IV (5) Or;

Complies with other statutory policies (please specify in the Narrative section of the Indirect Cost Category Page)

The Restricted Indirect Cost Rate is %

Select Option 5 if you are not seeking any reimbursement for indirect costs associated with the grant.

5) No reimbursement of Indirect Cost is being requested. (Please consult your program office regarding possible match requirements)

4.3.1. The Indirect Cost Line Item Page

You now need to navigate to the indirect cost line item information page. In this category, you will provide the most recent indirect cost rate agreement information for the itemized budget. The appearance of this page will vary based on what Indirect Cost Rate option you selected in Step 4.3.

You must use the applicable indirect cost rates negotiated with the federal or State government in computing indirect costs (F&A) for a program budget. The amount for indirect costs should be calculated by applying the current negotiated indirect cost rate(s) to the approved base(s). After the amount of indirect costs is determined for the program, a breakdown of the indirect

costs should be provided in this section. Your organization will also be allowed to elect to receive an indirect cost rate below your calculated rate.

If you selected Option 1, 2a, or 4, then your indirect cost rate entry instruction are in Section 4.3.3.1 below. If you selected Option 2b or 3, then your indirect cost rate entry instruction are in Section 4.3.3.2 below. If you selected Option 5, then your indirect cost rate entry instruction are in Section 4.3.3.3 below.

4.3.1.1. Indirect Cost Rate Option 1, 2a, or 4

If you have elected Option 1, 2a, or 4, then you have a current indirect cost rate or the program you are submitting a budget for has a specified indirect cost rate. You have the option to use a lower rate, but this is not required.

In either case, click the “Edit Input Base and Non-negotiated Rate” to enter the base for your rate. You also have the option to use a lower rate than negotiated, but this is not required.

On this page, you can enter the base amount to apply to your indirect cost rate. If you choose to use a lower rate, you must check the box and enter the rate you wish to use.

Click “Save” and then click “OK” on the pop-up box if you wish to continue.

The below screenshot shows the amount of indirect costs reimbursement the organization is eligible for if our rate was 25.90% on a base of \$10,000.

4.5. Uniform Grant Budget Worksheet and Narrative

GATU requires each the proposed budget to include a narrative, sometimes referred to as the budget justification. The narrative serves two purposes: it explains how the costs were estimated and it justifies the need for the cost. Using the Line Item Cost Categories available in the CSA System complies with the requirement to submit a narrative. The Cost Categories, available in the upper right-hand corner of the Budget Summary page, allows you to provide an itemized budget breakdown and justification for each budget category listed in the Budget. You can move between the Cost Category pages by using the drop down box, but you must click “Save” to record your changes. Every line item entered on the Cost Category pages requires justification information in the narrative.

The screenshot shows a web browser window with the URL 'Uniform Grant Budget Sum...'. The page title is 'Human Services' and it includes a navigation menu with 'Provider Info', 'Facilities', 'CFR Budgets', 'GATA Budgets', 'Actuals', 'My Info', 'Forms', 'Help', and 'Logout'. The main heading is 'Budget Summary'. Below this, there is a table with the following data:

2018	Uniform Grant Budget
444-24-0836	Family Advocate
Y	
17-444-24-0836-01	

Below the table, there is a red message: 'been added to this budget.' and a section for 'ncy and Project Detail Description:' with the text 'with Match requirement and Indirect Cost not allowed'. A dropdown menu is open next to the 'Go to Category/Summary:' label, listing the following categories: State of IL Funds, Non-State of IL Funds, Personnel, Fringe Benefits, Travel, Equipment, Supplies, Contractual, Consultant Srvc, Consultant Expn, Construction, Occupancy, R & D, Telecommunications, Training & Edu, Direct Admin Costs, Misc Costs, Grant Excl. Lnltm, Indirect Cost, and Budget Narrative Summary. A blue arrow points from the table to the dropdown menu.

As you work through the Cost Categories, remember to budget for the funds requested from IDHS (State funds) and those from other sources (Non-State of Illinois funds). Non-State funds or resources that are used to meet a cost-sharing, matching requirement, or provided as a voluntary cost-sharing or matching commitment, must include in the narrative: a) The specific costs or contributions by budget category; b) The source of the costs or contributions; and c) In the case of third-party in-kind contributions, a description of how the value was determined for the donated or contributed goods or services. Please see [2 CFR 200.306](#) for additional guidance.

4.5.1. State of IL Funds

The first page listed is the grant funds requested summary page. This page corresponds to Section A of the Uniform Budget Template. There is no data entry required on this page. Section A automatically populates from the Cost Category pages. When you are finished, Line 18 of this page must match the total amount of grant funds requested in Step 4.2 of this manual. If the numbers do not match, you will see a warning in red.

Fringe Benefits (2 CFR 200.431)

Go to Category/Summary:

Fringe benefits should be based on actual known costs or an established formula. Fringe benefits are for the personnel listed in category (1) direct salaries and wages, and only for the percentage of time devoted to the project. Provide the fringe benefit rate used and a clear description of how the computation of fringe benefits was done. Provide both the annual (for multiyear awards) and total. If a fringe benefit rate is not used, show how the fringe benefits were computed for each position. The budget justification should be reflected in the budget description. Elements that comprise fringe benefits should be indicated.

4.5.5. Travel

The fifth page listed is where you enter the Travel that will be charged to the grant in accordance with 2 CFR 200.474.

On this page, you will either need to list who is traveling, the cost, basis, and quantity of the trip, and sufficient justification in the narrative to explain why the grant requires the travel.

For training projects, travel and meals for trainees should be listed separately. Show the number of trainees and unit cost involved. Identify the location of travel, if known; or if unknown, indicate "location to be determined." Indicate the source of the Travel Policies used to complete this Cost Category or the State of Illinois Travel Regulations. The funds requested in the travel category should be for staff travel only.

Travel for consultants should be shown in the consultant category along with the consultant's fee. Travel for training participants, advisory committees, review panels and etc., should be itemized the same way as indicated above and placed in the "Miscellaneous" category.

To begin, click "Add State Item" at the bottom of the page. You will need to click "Add State Item" to add each travel charge to the Cost Category charged to the State.

4.5.6. Equipment

The sixth page listed is where you enter the Equipment that will be charged to the grant in accordance with 2 CFR 200.439. List the annual or total cost for equipment, if appropriate.

Equipment is an article of tangible personal property that has a useful life of more than one year and a per-unit acquisition cost which equals or exceeds the lesser of the capitalization level established by the non-Federal entity for financial statement purposes, or \$5,000. An

organization may classify equipment at a lower dollar value but cannot classify it higher than \$5,000.

(Note: Organization's own capitalization policy for classification of equipment can be used). Your organization should analyze the cost benefits of purchasing versus leasing equipment, especially high cost items and those subject to rapid technical advances.

Rented or leased equipment costs should be listed in the "Contractual" category. Explain how the equipment is necessary for the success of the project. Please include a description of the procurement method to be used in the Narrative section.

To begin, click "Add State Item" at the bottom of the page. You will need to click "Add State Item" to add each travel charge to the Cost Category charged to the State.

Enter the equipment type, the quantity, and the cost per item. If you are charging for leased equipment, please enter the annual cost of the lease.

In order to submit your budget, you’re CFO or Executive Director will need to sign off on it (only one Executive approval is required). After that occurs, you can submit your budget to IDHS for review. Submission for the Uniform Grant Budget and the Fixed Rate Budget are handled in the same manner.

6.1. Budget Sign-off by the CFO

After you have clicked “Submit to Executives,” your organization’s Chief Financial Officer or equivalent will need to login and review the budget. Please let your CFO know to review the proposed budget.

If the CFO has reviewed and there are no changes, they can sign off on the budget by clicking “Signature Page.” Your CFO can modify the budget, or you can modify the budget, if needed.

7. Amendments

7.1. Formal Amendment

The formal amendment process applies to approved budgets that have a published/executed agreement. The formal amendment process must be used to increase or decrease total program grant revenue, and/or to reallocate funding between expenditure line items that exceed the discretionary limits as stated in Article VI Budget (6.3 & 6.4) of the Uniform Grant Agreement and 2 CFR 200.308. A formal amendment must also be used to make changes to amend the grant exhibits even if the budget is not amended. IDHS staff will need to return linked budget to Grantee for any budget revision.

7.2 Formal Amendment – Increase/Decrease Contract Amount

On the Contract Summary page, select “Add Formal Amendment” or “Add Additional Appropriation” if adding a new appropriation.
