These new programs are not pilots. DMH will use grant money to support a statewide safety net. Intention is to strengthen the continuum of care, including improving the connection between SOPH and CMHC. DMH considers CMHCs the core of the mental health safety net. DMH recognizes the value of non-traditional services and supports.
TRANSITIONAL SERVICES TO SUPPORT COMMUNITY ENGAGEMENT

Three programs designed to function together

May be provided by multiple providers in the same community, or one provider may do all three

Some common requirements for all
- Crisis Respite program within a safe, inviting home-like atmosphere
- Model first created by Recovery International and operates from a Crisis Now concept
- Traditionally run by Consumer Operated Service Providers
- Based on a philosophy that crises are an opportunity for learning
- Available to anyone in the community experiencing a psychiatric crisis who voluntarily chooses to enter
Staffing must include QMHP availability and at least 2 staff on premises at all hours of operation.

Start-up costs allowed only in FY20.

Requirements for the physical space are included in the provider manual.

Snacks and beverages should be available to guests at all times.
Closing Date for Applications: March 19, 2020 5:00pm

All questions should be sent to Barb.Roberson@Illinois.gov

Questions and Answers are posted to the Q&A Page. There is a link to this site on Mental Health Grant Information Page
