

## **Planning Grant Final Report**

### **Planning Grant Overview**

*Please provide a detailed overview of the activities conducted as a result of the Redeploy Illinois Planning Grant.*

### **Juvenile Justice System – Governance**

*Please provide a description of the current local juvenile justice governance structure in the County. In addition, discuss any justice system issues or concerns that have been identified and indicate if and how they are being addressed, etc.*

### **Juvenile System Data Analysis**

*Please detail the results of the juvenile system data analysis along with a description of the process utilized to gather and analyze the system data. Include number of DJJ commitments, arrests, petitions, adjudications, number of youth on probation, transfers, etc., and youth admitted to detention including number detained, average length of stay, and average daily population, all by individual age (note the emphasis on minimizing the use of detention for youth 10 to 13), race/ethnicity, gender, and offense type. Note any points in the system where racial disparities are apparent. All data should be analyzed by Class level of offense (misdemeanor/felony/Class X). If certain data sets were unavailable or not analyzed, please explain.*

### **Analysis of detention**

*Please provide a detailed review of the analysis of each youth admitted to detention for calendar years 2016, 2017, and 2018. This should include an analysis of the following*

- 1. Information found in individual case files, including legal histories, family histories, school histories, etc., and identified needs of the youth (YASI, detention screening instrument, or other risk assessment/screening scores and information)*
- 2. Information on detention screening criteria (attach copy of detention screening tool). Include information on over-rides, including frequency and circumstantial information.*
- 3. A description of the detention screening process, policies, and practices. Include the number of youth detained when detention was an option, average number of youth released at detention hearings, average number or percentage with petitions filed and not filed, number of youth detained on a sanction, detained on warrants and/or technical violations, etc.*
- 4. Services provided to youth in detention*

*If certain information was not available, please explain.*

### **Analysis of IDJJ**

*Please provide a detailed review of the analysis of youth committed to the Illinois Department of Juvenile Justice for calendar years 2016, 2017, and 2018. This should include: analysis of youth committed, YASI scores, offense histories, family histories, school histories, etc., identified needs of the youth, services provided, and identified service gaps for these youth.*

### **Service System Analysis**

*Please provide a detailed description of the results of the service system analysis. This should include analysis of existing services available in the community for these youth and their*

*families, service gaps based on identified needs from the Case File and Detention Screening Analysis and proposed new and expanded services to meet the needs of these youth. Also include the estimated cost per youth for alternatives to detention..*

### **Vision for Redeploy Illinois**

*Now that you have conducted the analysis of youth, needs, services, service gaps, etc., please provide responses to the following questions as you might envision Redeploy Illinois in your community. Be sure to include your plan for serving the special populations of youth ages 10 to 13, youth detained on warrants, and youth detained for violations.*

### **Service Area**

*Provide a detailed description of the entire Redeploy service area you would target for a future Redeploy Program Grant.*

### **Structure**

*Provide a detailed description of the structure of your proposed Redeploy Illinois Detention Program model. Include the following:*

- 1. Identify and describe the role the lead agency would play in the Redeploy Illinois program.*
- 2. Describe the role that juvenile probation would play in Redeploy Illinois.*
- 3. Would a local consortium of stakeholders oversee the Redeploy Illinois program? If yes, describe the role and purpose of the consortium, how members will be selected, and describe the anticipated membership.*
- 4. Identify any other agencies, public or private that would have a significant role in the delivery of services and those that would potentially receive funds from the Redeploy Illinois initiative.*
- 5. Describe the current level of commitment and involvement from each of the local stakeholders that impact the decision to admit youth into detention.*
- 6. What role, if any, do you envision the following playing in your Redeploy efforts: Chief Judge, State's Attorney, Public Defender and Chief Managing Officer of Probation and Court Services?*

### **Process**

- 1. Describe the intake and assessment process envisioned for the Redeploy Illinois program.*
- 2. Describe the criteria to be used to identify and accept youth into the program.*
- 3. How will your Redeploy program ensure that only those youth who would otherwise be detained are being served by the program?*
- 4. Describe how the services provided to each juvenile will be individualized and based upon individualized assessment.*

### **Services**

- 1. Describe the services and programs envisioned that will be provided to meet the individual needs of targeted offenders.*

2. *Describe how these services and programs are based on research or are evidence based as proven or promising practices and identify the outcomes to be achieved. Describe the expected outcomes associated with these services.*
3. *What will be done to rehabilitate the juvenile offender in the community that will be different than previous practices?*
4. *Describe the service gaps identified and targeted with Redeploy.*
5. *Describe new and expanded services that would be available through Redeploy.*

### **Program Capacity**

*Based on the data analyzed for the previous three years, how many program referrals do you anticipate during the course of a year? What is the anticipated annual program capacity for Redeploy in the service area? (How many youth can you service in the program at any one time). Please include an annual capacity as well as a daily capacity. (What do you anticipate the average length of stay will be in the Redeploy Program?)*

### **Commitment Reductions**

*Please provide the 3-year average number of total detention days youth spend in detention (CY2016-2018) State the proposed minimum required reduction (25% of the 3-year average) in detention days. Please indicate your site's anticipated ability to meet or exceed the required reduction and provide some thoughts about possible strategies that might be engaged to achieve the targeted reductions.*

### **Additional Information**

*This section is available for you to provide any other information that you would like the Redeploy Illinois Oversight Board to know about the work you have conducted related to the Planning Grant and any future funding of the Redeploy Illinois Program.*

### **Feedback**

*This section is available for you to provide feedback as it relates to the overall Planning grant process. If you provide a response here, please provide feedback that will assist the Board in determining whether or not to offer future planning grants, and if so, feedback that will help improve the process.*
