

JB Pritzker, Governor

James T. Dimas, Secretary

DATE

Dear

As you may be aware, the Department of Human Services' Division of Developmental Disabilities (DDD) recently issued a Notice of Funding Opportunity (NOFO) for the Independent Service Coordination (ISC) system. A NOFO is a competitive bidding process. The ISC NOFO was required by the Grants Accountability and Transparency Act (GATA), a recently enacted law governing all grant programs funded by the State of Illinois. In addition to bidding out the system to comply with the law, DDD took the opportunity to adjust service area boundaries to create efficiencies, allowing the State to redirect resources from administration of agencies into service delivery. The result of this adjustment is that, effective July 1, 2019, Illinois will have 12 ISC service delivery areas instead of the current 17 service areas.

This letter is to inform you that the ISC agency currently providing you ISSA will remain the same. You should not experience any changes as it relates to the statewide transition of the ISC system.

Finally, we have established a dedicated email address for questions you may have about the transition. The email address is myisc@illinois.gov. Please feel free to send any questions or concerns to that address. We will be working diligently to respond to all inquiries as quickly as possible.

Thank you for your understanding as we work to ensure a smooth transition of the ISC system.

Sincerely,

A handwritten signature in blue ink that reads "Kathleen R. Ward".

Kathleen R. Ward
Acting Director
