

Welcome to Person Centered Planning

Greg Fenton, Director
Illinois Department of Human Services
Division of Developmental Disabilities

July 2017

Life Choices System Transformation Recorded Series - Webinar 2

Person Centered Planning

What does it mean?

Why are we doing this in Illinois?

Can this be postponed until later?

What's expected of me?

Person Centered Planning – What does it Mean?

- The balance between what is *important to a person and what is important for a person*
- It is a way to identify strengths, preferences, needs (both clinical and support needs) and desired outcomes of a person.

Person Centered Planning

What we want for all people with DD in Illinois to:

- Be **healthy and safe**
- Have real **relationships with family and friends**
- Have a **paying job if they want to work**
- **Make decisions** about their lives
- Have opportunities to **contribute to their community**

Person Centered Planning: Why Are We Doing It Now?

- It's the right thing to do.
- CMS requires it in order to receive Federal matching funds.
- CMS regulation came into effect in March of 2014.

Person Centered Planning- Where Do You Fit In?

Individual/Guardian – drives the process by identifying strengths, preferences, needs and desired outcomes .

ISC – will service as the case management entity and will be responsible for ensuring the implementation of the Person Centered Planning process.

Provider Agencies – continue to provide service and supports.
