SECTION I

The following section provides Eligibility and Funding Information & Requirements for the Juvenile Justice Youth Serving Program Continuation Application.

A. Eligibility Information

1. Eligible Applicants

This Continuation Application is limited to those public or private, not-for-profit community-based agencies who received an award from the Illinois Department of Human Services, Division of Family and Community Services pursuant to DHS Funding Notice (#20-444-80-1270-02) AND continue to meet the additional eligibility criteria below. Failure to provide the requested information as outlined herein to demonstrate these criteria are met will result in the application being removed from funding consideration.

2. Pre-Qualification

Applicant entities will not be eligible to apply for a grant award until they have pre-qualified through the Grant Accountability and Transparency Act (GATA) Grantee Portal, www.grants.illinois.gov Grantee Links tab. Registration and pre-qualification are required annually. During pre-qualification, verifications are performed including a check of federal Debarred and Suspended status on the Illinois Stop Payment List and good standing with the Secretary of State. An automated email notification is sent to the entity alerting them of “qualified” status or providing information about how to remediate a negative verification (e.g., inactive DUNS, not in good standing with the Secretary of State). A federal Debarred and Suspended status cannot be remediated. Applicants must be pre-qualified, therefore, applications from entities that have not completed the GATA pre-qualification process prior to the due date of this application will NOT be reviewed and will NOT be considered for funding. **A statement indicating the applicant has completed Pre-Qualification steps and is currently Pre-Qualified will be required with the application.** (A screenshot indicating the applicant has completed Pre-Qualification steps and is currently Pre-Qualified will also be accepted).

The Provider’s proposed budget must be entered into the CSA system. The completed budget must be electronically signed and submitted in the CSA system, and a printed copy of the signed and submitted budget must be included with the application. To do this, the following is required: at a minimum, the applicant agency’s Chief Executive Officer (CEO) or equivalent, or the Chief Financial Officer (CFO) or equivalent must be registered in the CSA system to electronically sign the required budget documents prior to submission. Budgets not submitted as described here and by the due date and time will **not** be considered.

For more information about submitting a budget in the CSA system, refer to **Appendix 8** and also see: http://www.dhs.state.il.us/OneNetLibrary/27896/documents/Contracts/FY18-GATA-Budgets/DHSBudgetTrainingManual_Revision_3_28_18.pdf.

3. Dun and Bradstreet Universal Numbering System (DUNS) Number and System for Award Management (SAM)

Each applicant is required to:

- a. Be registered in SAM before submitting the application. The following link provides a connection for SAM registration: <https://www.sam.gov/SAM/>;

- b. provide a valid DUNS number in its application; and
- c. continue to maintain an active SAM registration with current information at all times in which the applicant has an active Federal, Federal pass-through or State award or an application or plan under consideration by a Federal or State awarding agency.

DHS may not make a Federal pass-through or State award to an applicant until the applicant has complied with all applicable DUNS and SAM requirements and, if an applicant has not fully complied with the requirements by the time DHS is ready to make the award, DHS may determine that the applicant is not qualified to receive the award and use that determination as a basis for making the award to another applicant.

4. Unique entity identifier and System for Award Management (SAM)

Each applicant is required to: (i) Be registered in SAM before submitting its application; (ii) provide a valid unique entity identifier in its application; and (iii) continue to maintain an active SAM registration with current information at all times during which it has an active award or an application or plan under consideration by the Department.

The Department may not make an award to an applicant until the applicant has complied with all applicable unique entity identifier and SAM requirements and, if an applicant has not fully complied with the requirements by the time the Department is ready to make an award, the Department may determine that the applicant is not qualified to receive an award and use that determination as a basis for making an award to another applicant. Please refer to *Section C. Eligibility Information & Grant Funding Requirements* for additional information and detail regarding SAM.

5. Pre-Award Requirements

The pre-award process includes a financial and administrative risk assessment utilizing an Internal Controls Questionnaire (ICQ) and a Programmatic Risk Assessment (PRA). The PRA must be completed for each separate grant for which an applicant intends to apply. The Department may NOT issue a Notice of Award or a Grant Agreement to any applicant that does not have a submitted and approved FY21 ICQ and a submitted and complete FY21 PRA for the Illinois Youth Investment program. While these are NOT required prior to submitting the application, they are required prior to the Department issuing an award.

Applicants that have not completed an FY21 ICQ and/or an FY21 PRA at the time of application will be contacted by the Department to complete these Pre-Award requirements.

These grantee pre-award requirements are mandated by Federal Uniform Guidance (2 CFR 200) and the Grant Accountability and Transparency Act (GATA). Grantees must complete these requirements prior to receiving a grant award from the State of Illinois.

6. Mandatory Requirements of Applicant

The Mandatory Requirements are essential items that must be met by the Applicant. If any Mandatory Requirement is not met, the responding Applicant's entire proposal will not be considered. If all responding applicants fail to meet a particular mandatory requirement, that mandatory requirement may, at the sole discretion of the State, be removed from the Mandatory Requirements so the evaluation process may continue. However, this does not obligate DHS to make an award to any applicant that fails to meet all mandatory requirements.

following the contract start date.

b. Technology: Agencies awarded funds through this funding notice must have a computer that meets the following minimum specifications for receipt/submission of electronic program and fiscal information:

The Provider will work with the Juvenile Justice Specialist to match provided services with program areas and subsequently will report expenditures monthly by program areas.

f. Collaboration with local Family and Community Resource Centers (FCRCs):

Providers will maintain a collaborative working relationship with the local DHS FCRCs. Providers are required to communicate agency job openings to the local FCRCs. This is not a requirement to hire, simply to share vacancy announcements.

g. Sectarian Issue:

Provider organizations may not expend federal or state funds for sectarian instruction, worship, prayer or to proselytize. If the Provider organization is a faith-based or a religious organization that offers such activities, these activities shall be voluntary for the individuals receiving services and offered separately from the program.

h. Background Checks:

Background checks are required for **all program staff and volunteers** who have the potential for contact with youth under 18. These background checks must be completed in advance of individuals working directly with youth. Such individuals will authorize such checks in writing and submit to fingerprinting when required. The agency shall retain the signed form authorizing the background check. All background check information, including the signed authorizing forms shall be maintained separately in a confidential file, apart from the employee's personnel records. Funded programs will be required to have a written protocol in place detailing the requirement for background checks; evidence of their completion; the protocol for reviewing and making determinations regarding results; etc. In no case shall a Person who has been indicated as the perpetrator of any of the child abuse/neglect allegations identified in 89 Ill. Adm. Code Section 385.50(a) be deemed fit for service that allows access to children.

i. Child Abuse/Neglect Reporting Mandate:

Per the Abused and Neglected Child Reporting Act (ANCRA, 325 ILCS 5/4), mandated reporters are professionals who may work with children in the course of their professional duties. Mandated reporters are required to report suspected child maltreatment immediately when they have "reasonable cause to believe that a child known to them in their professional or official capacity may be an abused or neglected child" (ANCRA Sec.4). This is done by calling the Illinois Department of Children and Family Services (DCFS) Hotline at 1-800-252-2873 or 1-800-25ABUSE. Programs funded through this grant opportunity must review ANCRA and, where appropriate, have a written protocol for identifying and reporting suspected child maltreatment.

j. Hiring and Employment Policy:

It is the policy of the Department to encourage cultural diversity in the work environment and to promote employment opportunities through its programs. The Department philosophy is that the program workforce should appropriately reflect the populations to be served, with special attention given to hiring individuals indigenous to those communities. Consistent with Department policy, whenever a position becomes available, funded programs are encouraged to consider TANF clients for employment, contingent upon their qualifications in the areas of education and work experience.

2. Grant funds – Use Requirements

All applicants will use grant funds according to the guidelines, conditions and parameters set forth in this funding notice and in compliance with federal statutes, regulations and the terms and conditions of any applicable federal awards.

Please refer to 2 CFR 200 - Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, PART 200 Subpart E - Cost Principles to determine the appropriateness of costs.

a. Allowable costs:

Allowable costs are those that are necessary and reasonable based on the activity(ies) contained in the Scope of Work, are justified in the Budget Narrative, and are allowable under Subpart E of 2 CFR 200. Funding allocated under these grants is intended to provide direct services to youth. It is expected that administrative costs, both direct and indirect, will represent a small portion of the overall program budget. Any budget deemed to include inappropriate or excessive administrative costs will not be approved.

Program budgets and narratives must detail how all proposed expenditures are necessary for program implementation.

b. Unallowable costs:

Please refer to 2 CFR 200 – Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, PART 200 Subpart E – Cost Principles to determine the appropriateness of costs. In addition, and specific to this grant, the following costs will be unallowable without specific prior written approval from DHS:

- Entertainment costs, except where specific costs that might otherwise be considered entertainment have a programmatic purpose and are authorized in the approved budget (2 CFR 200.438)
- Capital expenditures for general purpose equipment, including any vehicle regardless of cost, buildings, and land (2 CFR 200.439)
- Capital expenditures for improvements to land, buildings, or equipment which materially increase their value or useful life (2 CFR 200.439)
- Food, and other goods or services for personal use of the grantee’s employees, contractors, or consultants of the grantee unless authorized as per diem under the State of Illinois Governor’s Travel Control Board (2 CFR 200.445).
- Deposits for items, services, or space

c. Limitation of Use of Award funds for Employee Compensation:

With respect to any award over \$250,000, recipients may not use federal funds to pay total cash compensation to any employee that exceeds 110% of the maximum annual salary payable to a member of the Federal Government's Senior Executive Service (SES) at an agency with a Certified SES Performance Appraisal System for that year. A salary table is available at the U.S. Office of Personnel Management website <https://www.opm.gov/policy-data-oversight/pay-leave/salaries-wages/salary-tables/pdf/2017/ES.pdf>

d. Indirect cost requirements

In order to charge indirect costs to this grant, the applicant organization must have a Federal or State annually negotiated indirect cost rate agreement (NICRA) or must elect to use the De Minimis Rate.

Every organization that receives an FY2021 state award must make an indirect cost rate proposal or election in the Crowe Activity Review System (CARS), including organizations that are choosing not to claim payment for indirect costs.

CARS URL: <https://solutions.crowehorwath.com/CARS/StateofIllinoisGOMB/Login.aspx>

Indirect Cost Rate Election:

- **Federally Negotiated Rate.** Organizations that receive direct federal funding may have an indirect cost rate that was negotiated with the Federal Cognizant Agency. Illinois will accept the federally negotiated rate. The organization must provide a copy of the federal NICRA as **Attachment 7.**
- **State Negotiated Rate.** The organization must negotiate an indirect cost rate with the State of Illinois by completing an indirect cost rate proposal in the CARS system if they do not have Federally Negotiated Rate or elect to use the De Minimis Rate.

- **De Minimis Rate.** An organization that has never received a Federal or State Negotiated Rate may elect a de Minimis rate of 10% of **modified total direct cost (MTDC)**. Once established, the de Minimis rate may be used indefinitely. The State of Illinois must verify the calculation of the MTDC annually in order to accept the de Minimis rate. If programs elect to use the De Minimis rate, it is **critical** that program budgets accurately calculate the MTDC base. Please see the regulation below and note the exclusions to MTDC.

2 CFR § 200.68 Modified Total Direct Cost (MTDC).

MTDC means all direct salaries and wages, applicable fringe benefits, materials and supplies, services, travel, and subawards and subcontracts up to the first \$25,000 of each subaward or subcontract (regardless of the period of performance of the subawards and subcontracts under the award). MTDC excludes equipment, capital expenditures, charges for patient care, rental costs, tuition remission, scholarships and fellowships, participant support costs and the portion of each subaward and subcontract in excess of \$25,000. Other items may only be excluded when necessary to avoid a serious inequity in the distribution of indirect costs, and with the approval of the cognizant agency for indirect costs.

- **"No Rate":** Grantees have discretion not to claim payment for indirect costs. Grantees that elect not to claim indirect costs cannot be reimbursed for indirect costs. The organization must record an election of "No Indirect Costs" into CARS.

Crowe Activity Review System (CARS).

CARS will allow your organization to document your already established federally approved indirect cost rate, complete an indirect cost rate proposal (see State Negotiated Rate above), elect to charge the De Minimis rate (10%) of modified total direct costs (MTDC), or select that no reimbursement of indirect costs will be requested. Submission requirements are located on page 2 of the Uniform Budget Template as well as 2 CFR 200 Appendices IV, V & VII.

- Organizations which have not previously made an indirect cost rate election must submit an election (and indirect cost rate proposal, if necessary) immediately and no later than 3 months after receiving an award notification or invitation to the CARS system.
- Organizations that have previously established an indirect cost rate election must submit a new indirect cost rate election immediately and no later than 6 months after the close of their organization's fiscal year.
- Every organization must make an indirect cost rate election in CARS even if the organization is choosing De Minimis Rate or "no rate". Organizations that do not make an election or submission inside the CARS system within the required timeframes will not be allowed to claim indirect cost reimbursement.
- For more information, see <https://www.illinois.gov/sites/GATA/Pages/default.aspx> .

e. Administrative costs

It is expected that administrative costs, both direct and indirect, will represent a small portion of the overall program budget. Program budgets and narratives will detail how all proposed expenditures are directly necessary for program implementation and will distinguish between Indirect/Direct

Administrative and Direct Program expenses. Any budget deemed to include inappropriate or excessive administrative costs will not be approved. *At no time may the approved NICRA be exceeded under this agreement. Documentation will be required to verify the approved NICRA.*

f. Simplified Acquisition Threshold

Potential grantees under this funding announcement may receive an award in excess of the Simplified Acquisition Threshold, currently \$250,000 (Refer to 2CFR200 Section 200.88). Therefore, the grantee must be aware of the following regarding the Simplified Acquisition Threshold as it will be applicable to any qualifying sub award:

- That the grantee agency, prior to making a sub-award with a total amount of funds greater than the simplified acquisition threshold, is required to review and consider any information about the applicant that is in the designated integrity and performance system accessible through SAM (currently FAPIIS) (see 41 U.S.C. 2313);
- That an applicant, at its option, may review information in the designated integrity and performance systems accessible through SAM and comment on any information about itself that the awarding agency previously entered and is currently in the designated integrity and performance system accessible through SAM;
- That the awarding agency will consider any comments by the applicant, in addition to the other information in the designated integrity and performance system, in making a judgment about the applicant's integrity, business ethics, and record of performance under awards when completing the review of risk posed by applicants as described in §200.205 awarding agency review of risk posed by applicants.

h. Intergovernmental Review

This funding opportunity is NOT subject to Executive Order 12372, “Intergovernmental Review of Federal Programs.”

SECTION II

The following section provides information and requirements for implementing the Juvenile Justice Training and Technical Assistance Program.

PROGRAM DESCRIPTION/REQUIREMENTS

The federal Office of Juvenile Justice and Delinquency Prevention (OJJDP) provides funding directly to states through its Title II Formula Grants Program (Title II) to support state and local delinquency prevention, intervention efforts and juvenile justice system improvements. These funds are used to help states implement comprehensive state juvenile justice plans based on detailed studies of needs in their jurisdictions. State Advisory Groups, comprised of members appointed by the governor, set priorities for funded activities.

The State Advisory Group for Illinois, the Illinois Juvenile Justice Commission (IJJC), administers the Title II funds. These funds support a broad range of juvenile justice activities at the state and local level that are designed to improve the juvenile justice system through the development of more effective education, training, research, prevention, diversion, treatment, and rehabilitation programs in the area of juvenile delinquency. These programs or projects can be designed to be developed, implemented and evaluated directly or through grants and contracts with public and private agencies. Title II also funds state and local activities designed to ensure and maintain the state's compliance with the Core Requirements of the JJDPA.

- Deinstitutionalization of Status Offenders (DSO)
- Adult Jail and Lock-Up Removal (Jail Removal)
- "Sight and Sound" Separation
- Address Racial and Ethnic Disparities (RED);

(See **Appendix 1**: Core Requirements of the Office of Juvenile Justice Delinquency Prevention)

In some communities, youth become involved in the juvenile justice system unnecessarily because alternatives do not exist or are not embedded within the system decision-making process. Because the needs and resources are different in each community in Illinois, a one-size-fits-all approach is not likely to be very effective.

Local juvenile justice systems and community-based providers are in prime position to craft solutions and develop youth serving programs that meet the local community's needs and take into account local resources. Empowering and supporting local youth programming can also stem the tide of racial and ethnic disparity in the juvenile justice system at the front door and help ensure that no youth enters the juvenile justice system unnecessarily. Investing in local communities will reduce the costs associated with incarcerating youth in correctional facilities, reduce rates of recidivism, reduce the number of crime victims, and ultimately create safer communities in Illinois.

The IJJC is seeking continuing applications from juvenile justice councils, units of local government or local non-for-profit agencies who received funding under 444-80-1270-02 in FY20 to develop, implement, expand and/or maintain youth serving programs for youth who are involved or at risk of becoming involved with the Juvenile Justice System.

- 2. Reflect a trauma-informed approach, which involves understanding and responding to the symptoms of chronic interpersonal trauma and traumatic stress, as well as the behavioral and mental health consequences of trauma. Training and technical assistance will be made available to successful applicants to achieve/maintain this status.

4. Payment Terms

- a. Payment Determination
 - **Providers identified as low risk on the ICQ:** Providers identified as low-risk will receive monthly advance payments. An initial 2/12 of the Award amount will be issued upon execution of the agreement; and may be rounded to the nearest \$100.00. Subsequent payments will be issued, after reconciling all current and previously reported expenditures,
 - **Providers identified as Medium to High Risk on the ICQ:** An annual determination will be made regarding the need for a working capital advance. This determination will be made based on information submitted by the applicant as part of the FY21 Grant Application/Plan process. Applicants will be placed in one of the following payment categories:
 - i. For applicants that indicate insufficient working capital to fully operate the grant program for 2 months beginning July 1, will receive an initial working capital advance payment of 2/12 of the Award amount upon execution of the agreement; and may be rounded to the nearest \$100.00. Subsequent payments will be issued on a reimbursement basis and will consider all previously submitted and documented expenditures.
 - ii. For applicants that indicate sufficient working capital to fully operate the grant program for 2 months beginning July 1, grant payments will be issued on a reimbursement basis that will consider all previously submitted and documented expenditures.
- b. The Department will compare as applicable, the amount of the initial advance/working capital payment made to date with the documented expenditures provided to the Department by the Provider.
 - **Providers identified as low risk on the ICQ:** In the event the documented services provided by the Provider do not justify the level of award being provided to the Provider, future payments may be withheld or reduced until such time as the services documentation provided by the Provider equals the amounts previously provided to the Provider to ensure each

payment advanced does not exceed 1/12 cash-on-hand. Failure of the Provider to provide timely, accurate and sufficiently detailed documentation will result in delayed payments and may result in a reduction to the total award.

- **Providers identified as Medium to High Risk on the ICQ:** In the event the documented services provided by the Provider do not justify the level of award being provided to the Provider, future payments may be withheld or reduced until such time as the services documentation provided by the Provider equals the amounts previously provided to the Provider. Failure of the Provider to provide timely, accurate and sufficiently detailed documentation will result in delayed payments and may result in a reduction to the total award.

- c. The final payment from the Department under this Agreement shall be made upon the Department's determination that all requirements under this Agreement have been completed, which determination shall not be unreasonably withheld. Such final payment will be subject to adjustment after the completion of a review of the Provider's records as provided in the Agreement.
- d. In the event payments made by the Department to the provider exceed the total amount of provider reported and Department authorized expenditures, the provider will be required to issue a repayment to the Department in an amount equal to the overpayment.

Appendix 1
Illinois Juvenile Justice Commission
OJJDP Core Requirements

1. Deinstitutionalization of Status Offenders (DSO)

Status offenses are offenses that only apply to minors whose actions would not be considered offenses if they were adults. The most common are skipping school, running away, breaking curfew, and possession or use of alcohol. Under the JJDPA, status offenders may not be held in secure detention or confinement. There are, however, several exceptions to this rule, including allowing some status offenders to be detained for up to 24 hours. The DSO provision seeks to ensure that status offenders who have not committed a criminal offense are not held in secure juvenile facilities for extended periods of time or in secure adult facilities for any length of time. These children, instead, should receive community-based services, such as day treatment or residential home treatment, counseling, mentoring, family support, and alternative education.

2. Adult Jail and Lock-Up Removal (Jail Removal)

Youth may not be detained in adult jails and lock-ups except for limited times before or after a court hearing (6 hours), in rural areas (24 hours plus weekends and holidays), or in unsafe travel conditions. This provision does not apply to children who are tried or convicted in adult criminal court of a felony level offense. This provision is designed to protect children from psychological abuse, physical assault, and isolation. Children housed in adult jails and lock-ups have been found to be eight times more likely to commit suicide, two times more likely to be assaulted by staff, and 50 percent more likely to be attacked with a weapon than children in juvenile facilities, according to U.S. Department of Justice Studies.

3. "Sight and Sound" Separation

When children are placed in an adult jail or lock-up, as in exceptions listed above, "sight and sound" contact with adults is prohibited. This provision seeks to prevent children from psychological abuse and physical assault.

Under "sight and sound," children cannot be housed next to adult cells, share dining halls, recreations areas, or any other common spaces with adults, or be placed in any circumstances that could expose them to threats or abuse from adult offenders.

4. Disproportionate Minority Contact (DMC)

States are required to assess and address the disproportionate contact of youth of color at all points in the justice system - from arrest to detention to confinement. Studies indicate that youth of color receive tougher sentences and are more likely to be incarcerated than white youth for the same offenses. With youth of color making up one-third of the youth population, but two-thirds of youth in the juvenile justice system, this provision requires states to gather information and assess the reason for disproportionate minority contact.

Appendix 2
Illinois Juvenile Justice Commission (IJJC) Core
Values and Principles of IJJC

The IJJC core values and principles were created to ensure a fair and effective juvenile justice system which fosters positive outcomes for youth and strengthens Illinois' families and communities. While states utilize a variety of administrative structures and strategies to govern their juvenile justice systems, which provide services and supervision to youth in conflict with the law, all fair and effective juvenile justice systems embrace and pursue implementation of fundamental values and characteristics throughout all elements of that system. To produce positive outcomes for youth and communities – and to maximize use of taxpayer resources – each facet of Illinois' juvenile justice system should be evidence-based, data-driven and grounded in policies and practices which promote these core values and characteristics. These guiding principles guide the implementation of the IJJC's strategies and activities*.

I. Fundamental Fairness

All system participants deserve fair, equitable treatment. Factors correlated with the disproportionate contact and incarceration of youth of color are identified and addressed.

II. Youth are different

An effective juvenile justice system acknowledges the fundamental developmental differences between youth and adults. An effective juvenile justice system recognizes the needs, characteristics and assets of youth rather than relying upon adult criminal justice approaches.

III. Individual Differences

Juvenile justice decision makers must respond to young peoples' differences from one another in terms of development, culture, gender, needs and strengths. Interventions and services must be tailored to the needs and assets of individual youth and focused on facilitating positive outcomes.

IV. Youth Potential

Youth have strengths and are capable of positive growth. An effective juvenile justice system uses evidence-based approaches to build on the capacities of youth to learn, change, grow and become contributing members of our communities.

V. Family Engagement

Families care about their youth and know their needs and strengths. An effective juvenile justice system respects families, acknowledges their perspectives and expertise and fully engages families as partners in positive youth outcomes.

VI. Community Engagement

Community-based collaboration, decision-making and services reduce recidivism more effectively and at lower costs than punitive and incarceration-based strategies. An effective juvenile justice system engages communities as partners and builds the capacity of communities to foster positive youth outcomes.

VII. Community Safety

Adults and youth deserve to be and to feel safe in their communities. A key measure of community safety is reduced recidivism among youth involved in the juvenile justice system.

VIII. Accountability

Just as youth must be encouraged to accept responsibility for their actions, communities also have obligations to youth to safeguard their welfare, support them when in need and help them to become healthy adults. The juvenile justice system must reflect society's collective responsibility to our youth and must be accountable for the outcomes it produces.

IX. Cost Effectiveness

An effective juvenile justice system invests resources in proven, cost-effective strategies which reduce reoffending and re-incarceration and produce positive outcomes for youth and communities. Corrections research consistently demonstrates that evidence-based, data-driven, community-based responses to youth crime reduce recidivism and are more cost-effective than other strategies – including, but not limited to incarceration-based strategies – which are costly, intrusive and often ineffective.
