The Bureau of Maternal Child Health has received several questions regarding the Maternal and Child Health Performance Indicators for the 3<sup>rd</sup> and 4<sup>th</sup> quarter of SFY20. Performance data will be reviewed however, it will not be published due to the program services adjustments established in the Disaster Plans during the COVID-19 pandemic. Providers may request their agency data from their Regional Nurse Consultant.

We know during this difficult time it is important to continue providing program services and we want to express our appreciation to all our providers.

Please contact your Regional RN Consultant if you have further questions.
