

Aggregator Survey Invitation

October 19, 2020

Dear Agency:

Section 12006 of the 21st Century CURES Act (42 USC 1396b(l)) and the Save Medicaid Access and Resources Together (SMART) Act, (Public Act 97-689), require Homemaker and Maintenance Home Health Agencies providing services to customers of the Home Services Program (HSP) to utilize a system for electronic visit verification (EVV) as a condition of participation in the Program.

The Division of Rehabilitation Services (DRS) currently contracts with Sandata Technologies as the EVV vendor for HSP. You will not be required to use Sandata Technologies, however you will be required to disclose which EVV vendor you use and arrange for your EVV vendor to send visit data in an agreed upon format to Sandata on a regular basis.

In anticipation of Homemaker and Maintenance Home Health Agencies utilization of EVV, DRS will implement an “Aggregator system” to combine the visit data from all EVV systems, regardless of which company an Agency uses.

In order to ensure smooth implementation, we ask you to take a short survey to learn more about the EVV system you are currently using.

To participate in survey please use one of the following methods.

Click on the link or copy and paste the URL into your internet browser	https://www.surveymonkey.com/r/IL_DHS_AltEVV
Scan the QR Code from your smartphone	

If you have any questions or need assistance with the survey, you may contact Sandata’s Customer Care at:

Sandata Customer Care Email	ILAltEVV@sandata.com
Sandata Customer Care Phone	855.331.8191

The deadline to finish taking the survey will be November 16th, 2020.

We will provide additional information, including technical details on data exchange and interface specifications, in subsequent communications.
