

APPLY FOR A REIMAGINE PUBLIC SAFETY ACT (RPSA) GRANT

Applications will be accepted on a rolling basis starting May 2

Starting May 2, 2022 community-based organizations can apply for funding to support violence prevention and youth development services. This is an opportunity for organizations in Illinois to implement evidence-based solutions to address firearm violence.

Never before has Illinois funded community-driven violence intervention and prevention efforts at this level. IDHS wants--and needs--community-based organizations to bring their knowledge forward and pursue these grants.

FUNDING OPPORTUNITIES

Reimagine Public Safety Act Violence Prevention Services NOFO (Available in Chicago Eligible Areas)

Accepting applications on a rolling basis starting **May 2**

Grants for violence prevention services, including street-based violence interruption work, emotional or trauma-related therapy, case management, employment, job training, family engagement, and wrap-around support.

Reimagine Public Safety Act Youth Development Services NOFO (Available in Statewide Eligible Areas)

Accepting applications starting **May 2**

Grants for youth development services statewide, including after school and summer programming to increase school attendance and school performance, reduce criminal justice system involvement, and build social-emotional intelligence.

*Organizations must be GATA-certified to apply. To learn more, check out IDHS' GATA App.
