Allegation

On May 23, 2017, an allegation of neglect was reported to the Office of the Inspector General. It was alleged that XXXXX threatened to hit individual XXXXX after he became physically aggressive toward him. XXXXX was found to have a mark under his eye which was not previously there.

Synopsis

On May 23, 2017, at approximately 2:30 p.m., XXXXX attacked XXXXX. XXXXX tried to calm him down. When this did not work he went outside to get away from XXXXX. XXXXX followed him and continued to attack him. XXXXX admittedly took his umbrella and extended it to create distance between himself and XXXXX. In doing so, he accidentally hit XXXXX near his left eye. This was not an agency approved crisis intervention technique in dealing with XXXXX behaviors.

Findings

Based on the facts in this case the following was concluded. The allegation of physical abuse is unsubstantiated against XXXXX, while the allegation of neglect is substantiated.
