### **Allegation**

On June 01, 2018, the Office of the Inspector General received a reported allegation of neglect from Murray Developmental Center. It is alleged that on May 31, 2018, at 11:40 PM, XXXXX neglected to supervise individual XXXXXXXX as required by her enhanced supervision level. XXXXX allowed XXXXXXXX to use the restroom alone and closed the bathroom door, in which XXXXXXXX engaged in a known targeted behavior of digging in her rectum. XXXXXXXX is to be within an arm's length of an assigned 1:1 staff member when utilizing the toilet.

### **Synopsis**

XXXXX admitted he did not follow XXXXXXXX's required supervision level on the night of May 31, 2018. He relieved XXXXX for her fifteen-minute break around 11:30 pm. Shortly thereafter, XXXXXXXX requested to use the bathroom and asked him to leave and he did so closing the door behind him. XXXXX admitted he had prior knowledge of XXXXXXXX's targeted behavior of digging in her private areas, which is the reasoning for the enhanced supervision. XXXXXXXX then engaged in the known targeted behavior because of his failure to perform his required 1:1 supervision.

### **Findings**

Based on the facts in this case, the following was concluded: The allegation of neglect is substantiated against XXXXX.
