NOTICE

ELIMINATION OF TANF FAMILY ACCOUNTABILITY (CAPPING) POLICY

If you receive cash for July 2007, you may see an increase in your cash amount. You have one or more children born before 01/01/04 who has not been included in your cash amount because of 'Family Accountability Policy'. This policy was also called 'Family Cap'. If still eligible, any child who has been 'capped' may be included when we figure your cash amount.

You will receive another notice if you get food stamps and a cash increase makes your food stamps go down.

Call your caseworker at the number listed above if you have any questions.
